A Handbook of Critical Approaches to Literature By Wilfred Guerin, Earle Labor, Lee Morgan, Jeanne C. Reesman, John R. Willingham

Ranging from traditional approaches to the most contemporary perspectives, such as feminist and gender studies, cultural studies, and postcolonial studies, *A Handbook of Critical Approaches to Literature* offers readers a variety of clearly articulated approaches to interpreting literature. This thoroughly updated sixth edition applies these diverse approaches to the same six classic works--"To His Coy Mistress," "Young Goodman Brown," "Everyday Use," Hamlet, Huckleberry Finn, and Frankenstein--in a way proven to elicit student analysis by enriching their response to and understanding of the individual works and critical theory. (Andrew Marvell's poem "To His Coy Mistress," Nathaniel Hawthorne's story "Young Goodman Brown," and Alice Walker's story "Everyday Use" are included in full within this volume.)
