## **Editorial Review**

Review

"An original, well written, and important book. Sandra Reineke smoothly incorporates the work of Simone de Beauvoir and others into the context of the times and displays how their writings, including novels and other works of fiction, helped shape a discourse and consciousness around women's bodily agency, the corporeality and utilitarian basis of women's rights, and the bravery yet ambiguity of many women's print outlets."--Laura R. Woliver, author of *The Political Geographies of Pregnancy*

"An admirably concise and jargon-free discourse analysis of Frenchwomen's writing about reproductive, especially abortion rights."--*Canadian Journal of History*

"Reineke has brought to the table an interesting concept--the creation of imagined sisterhoods born out of a variety of women's writing."--*H-Net Review*
