Meditation Made Easy By Lorin Roche

You've probably heard about the benefits of meditation: Sharper thinking, reduced stress, improved concentration, lower blood pressure, even increased sexual pleasure , all of these positive effects have been confirmed by science. In this uniquely accessible guide, Lorin Roche shows that meditation is that easy , and pleasurable.

Roche answers questions and debunks meditation myths, and gives three easy-to-follow techniques for getting started "The Do Nothing Technique," "Salute Each of the Senses," and "Feeling at Home Exercise". He and shows you how to integrate "mini meditations" into spare moments of the day, from savouring morning coffee to taking advantage of the five minutes before a meeting. He explains how to overcome meditation obstacles, customise meditation to your own needs, and use your breath, voice, and attention as meditation aids. And he shows how meditation will give you the power to explore your inner passions , and enrich your sense of self.

Editorial Review

Amazon.com Review

"This is come-as-you-are meditation," writes Lorin Roche in *Meditation Made Easy*. Roche, a meditation trainer for 30 years, knows how to make the uninitiated feel at ease. He debunks the stereotype that you have to follow monastic rules: you don't have to sit still, or empty your mind, or overcome your ego. "Meditation is about being intimate with your deepest self," so imposing techniques and formalities that don't fit you will just interfere. Meditation should be "a direct response to sensing some need in your body or heart ... a pleasurable indulgence ... a mini-vacation." Roche discusses the basics in a warm, friendly, question-and-answer chapter, and then teaches the stages of "getting in" to a meditation. Varied techniques and exercises let you explore what works for you. "Going Deeper" shows you how to turn details of everyday experience--such as drinking coffee--into a mini-meditation. For fun, check out "How to Make Yourself Miserable in Meditation"--for example, "Use a mantra that grates on your nerves"; "Worry about whether your chakras are balanced"; "Choose a tradition that reminds you of the worst aspects of your childhood." This book not only teaches you how to meditate; it makes the process easy and enjoyable. --Joan Price

Review

"What a wonderful book. I was electrified from the first word. Read "Meditation Made Easy" and learn the secrets that all successful meditators have learned the hard way. "This" is how you make it work, how you make meditation fit into your life and benefit your heart, your soul, your health, your relationships. I give it my "highest" recommendation." -- Barbara De Angelis, Ph.D., author of "Real Moments" "A glorious book! It has given me more and better instruction than anything else in print or on audio. I prefer it to any other guide, including the one I wrote."-- James Fadiman, Ph.D., editor of "Essential Sufism" and author of "Personality and Personal Growth" "An inviting, wise, funny, affirming, and marvelously informed book on meditation that dispels all our dumb reasons for not giving it a try."-- Belleruth Naparstek, author of "Your Sixth Sense" and creator of the "Health Journeys" audiotape series "A really good book for starting meditation. He knows his stuff."-- Jack Kornfield, author of "A Path With Heart" "The art of meditation was long the domain of spiritual traditions and became a practice that was separate from everyday experience. But meditative experience occurs naturally, affirms Roche, and "technique" has to do with intention and attention. Meditation is "the practice of developing your capacity for rich experience." This straightforward book offers simple exercises to awaken the mind to sensory experiences and to help achieve the benefits of relaxation: better mood, enhanced ability to concentrate, lower blood pressure, a sense of well-being. There really are no rules and no, you don't need a guru. Meditation can and does take place almost anytime (some exercises take just a few seconds) and anywhere (sitting, standing, or walking). About the only thing "wrong" is too try to hard. A "sense of luxury" is one of the ways of knowing it's being done right. Results are available almost immediately; and regardless of whether the reader decides to practice meditation, this inspirational book is well worth the read."-- Booklist You may think the last thing the world needs is another book on meditation, but take a look at the nifty MEDITATION MADE EASY by Lorin Roche before you have another meditative thought. Many books characterize meditation as difficult and elusive at first, requiring practice and the development of everybody's favorite contradiction, attentive nonattention. But Roche, a meditation trainer for 30 years, turns that old stuff on its head. "Meditation is quietly sexy, in the way that getting a massage or listening to great music is," he writes. "It should have a sense of luxury and deliciousness. It should be a place for you to entertain all your desires and longings and prepare to fulfill them . . . It may feel like loafing, and that's good." Roche knows all the tricks ("meditate less than you want to") and the tips (think of meditation as "taking time to watch the sunrise"). And he's great on the breathing/chanting rituals and "do-nothing techniques" that lead people to the "sense of wonder" about life and love and spirit that can make meditation so joyous.-- Pat Holt

From the Back Cover

You've probably heard about the benefits of meditation: Sharper thinking, reduced stress, improved concentration, lower blood pressure, even increased sexual pleasure--all of these positive effects have been confirmed by science. So what's holding you back? Perhaps you don't see yourself signing up with a guru. Or twisting yourself into a lotus position while repeating a mantra. Or spending hours trying to let go of desire and empty your mind. But what if meditating were as easy and pleasurable as eating a dish of ice cream? In this uniquely accessible guide, Lorin Roche proves that meditation "is" that easy-- and even more pleasurable.

Roche begins by answering questions and debunking myths, most of which have to do with meditation's long association with Eastern religions. He then gives you three easy-to-follow techniques for getting started-- "the Do Nothing Technique," "Salute Each of the Senses," and "Feeling at Home Exercise"-- and shows you how to integrate "mini meditations" into spare moments of your day, from savoring your morning coffee to taking advantage of the five minutes before a meeting. He explains how to overcome meditation obstacles, customize meditation to your own needs, and use your breath, voice, and attention as meditation aids. And he shows how meditation will give you the power to explore your inner passions-- and enrich your sense of self.

Users Review

From reader reviews:

Doreen Williams:

What do you regarding book? It is not important to you? Or just adding material if you want something to explain what your own problem? How about your free time? Or are you busy person? If you don't have spare time to try and do others business, it is give you a sense of feeling bored faster. And you have time? What did you do? Every individual has many questions above. They have to answer that question since just their can do this. It said that about book. Book is familiar on every person. Yes, it is right. Because start from on jardín de infancia until university need this kind of Meditation Made Easy to read.

James Robinson:

The reason why? Because this Meditation Made Easy is an unordinary book that the inside of the book waiting for you to snap the item but latter it will surprise you with the secret the idea inside. Reading this book alongside it was fantastic author who also write the book in such incredible way makes the content inside easier to understand, entertaining approach but still convey the meaning totally. So , it is good for you because of not hesitating having this any more or you going to regret it. This amazing book will give you a lot of positive aspects than the other book have such as help improving your expertise and your critical thinking technique. So , still want to hold up having that book? If I have been you I will go to the reserve store hurriedly.

Alexandra Dickey:

Many people spending their moment by playing outside using friends, fun activity together with family or just watching TV all day long. You can have new activity to spend your whole day by reading through a book. Ugh, ya think reading a book will surely hard because you have to accept the book everywhere? It ok you can have the e-book, having everywhere you want in your Smartphone. Like Meditation Made Easy

which is getting the e-book version. So , why not try out this book? Let's see.

Alan Robert:

That publication can make you to feel relax. This particular book Meditation Made Easy was colorful and of course has pictures around. As we know that book Meditation Made Easy has many kinds or category. Start from kids until young adults. For example Naruto or Detective Conan you can read and believe that you are the character on there. So , not at all of book tend to be make you bored, any it makes you feel happy, fun and chill out. Try to choose the best book in your case and try to like reading this.
