Evil exists. Evil walks the streets. And evil has spawned a diabolical new disciple in this white-knuckle thriller from New York Times bestselling author Tess Gerritsen.

### *PECCAVI*

The Latin word is scrawled in blood at the scene of a young woman's brutal murder: I HAVE SINNED. It's a chilling Christmas greeting for Boston medical examiner Maura Isles and Detective Jane Rizzoli, who swiftly link the victim to controversial celebrity psychiatrist Joyce O'Donnell—Jane's professional nemesis and member of a sinister cabal called the Mephisto Club.

On top of Beacon Hill, the club's acolytes devote themselves to the analysis of evil: Can it be explained by science? Does it have a physical presence? Do demons walk the earth? Drawing on a wealth of dark historical data and mysterious religious symbolism, the Mephisto scholars aim to prove a startling theory: that Satan himself exists among us.

With the grisly appearance of a corpse on their doorstep, it's clear that someone—or something—is indeed prowling the city. The members of the club begin to fear the very subject of their study. Could this maniacal killer be one of their own—or have they inadvertently summoned an evil entity from the darkness?

Delving deep into the most baffling and unusual case of their careers, Maura and Jane embark on a terrifying journey to the very heart of evil, where they encounter a malevolent foe more dangerous than any they have ever faced . . . one whose work is only just beginning.

## Editorial Review

From Publishers Weekly

In this brisk, deftly plotted thriller from bestseller Gerritsen (*Vanish*), Boston medical examiner Maura Isles and police detective Jane Rizzoli look into the murder of 28-year-old Lori-Ann Tucker, whose body is found Christmas morning in her apartment amid an unholy mess of severed limbs, black candles and satanic symbols rendered in blood. "Peccavi," reads one word scrawled across Tucker's wall—Latin for "I have sinned." Isles and Rizzoli must sort sinner from innocent among suspects who can be found on several continents and include a group of sophisticates—scholars, an anthropologist, a psychiatrist—who are either cult members or crusaders against evil straight from the pages of Revelation. Other murders follow, all gruesome, all involving apocalyptic messages. On occasion, the action shifts to Europe, to a young woman running from a man she's convinced is descended from a race of fallen angels. Gerritsen has a knack for stretching believability just short of the breaking point—and for amassing details that produce an atmosphere in which the most terrible possibilities can and, indeed, should occur. *The Mephisto Club*, the sixth in the Jane Rizzoli/Maura Isles series (after *Vanish*), contains Tess Gerritsen's trademark lurid writing, grisly medical/forensic details, and chilling suspense. This time, as a satanically driven killer tortures and dismembers his victims, an esoteric cult considers the existence of a gene for evil. It's not a tale for the faint of heart; metaphysical inquiries into demonology and evil are matched, page by page, by grisly details. The only major criticism comes from *New York Times Book Review*, which cited a total lack of credibility. Otherwise, *The Mephisto Club* should provide "hair-raising, demon-hunting good fun" (*Los Angeles Times*).
