**Dragonfly in Amber (Starz Tie-in Edition): A Novel (Outlander)** By Diana Gabaldon

### NOW THE STARZ ORIGINAL SERIES *OUTLANDER*

*With her classic novel Outlander, Diana Gabaldon introduced two unforgettable characters—Claire Randall and Jamie Fraser—delighting readers with a story of adventure and love that spanned two centuries. Now Gabaldon returns to that extraordinary time and place in this vivid, powerful sequel to Outlander.*

### DRAGONFLY IN AMBER

For twenty years, Claire Randall has kept her secrets. But now she is returning with her grown daughter to the mysteries of Scotland's mist-shrouded Highlands.

Here Claire plans to reveal a truth as shocking as the events that gave it birth: the secret of an ancient circle of standing stones, the secret of a love that transcends centuries, and the truth of a man named Jamie Fraser—a Highland warrior whose gallantry once drew the young Claire from the security of her century to the dangers of his.

Claire's spellbinding journey continues through the intrigue-ridden French court and the menace of Jacobite plots, to the Highlands of Scotland, through war and death in a desperate fight to save both the child and the man she loves.

### Praise for *Dragonfly in Amber*

"Diana Gabaldon is a born storyteller. . . . The pages practically turn themselves."—*The Arizona Republic*

"A triumph! A powerful tale layered in history and myth. I loved every page."—**Nora Roberts**

"Compulsively readable."—*Publishers Weekly*

*From the Hardcover edition.*

### Editorial Review

From Library Journal

This time-traveling romantic adventure will please fans who have been waiting for the further adventures of Dr. Claire Beauchamp Randall, a 20th-century American who goes to Scotland in search of her 18th-century husband, virile Scot Jamie Fraser, whom she met and married in *Outlander* ( LJ 7/91). Book 2 of a planned trilogy takes readers along on Randall's quest, as she hopes to find a state or time (like that of the title's dragonfly suspended in a piece of amber) where Fraser still exists. This imaginative novel suffers somewhat from the author's overuse of personification ("spectacles gleaming with concern and curiosity") and her confusing switches between the two first-person narrations, which sometimes cloud an otherwise intriguing adventure. But *Outlander*'s readers will still devour this hefty volume without complaint.

From Kirkus Reviews

An engaging time-travel romance, the second of a trilogy (after *Outlander*, 1991), that animates the people and politics of a pivotal period in history--while turning up the heat between an appealing modern heroine and a magnetic romantic hero. It's now 1968, and Claire Beauchamp Randall has returned to Inverness, Scotland, with her daughter, Brianna. This is Claire's first visit back since she and husband Frank visited 22 years before--when she walked through a Druid stone circle into the middle of the 18th century. Now, Frank is dead, and Claire hopes to learn what happened to the second great love of her life--gallant Jamie Fraser, laird of Lallybroch whom she married during her journey into the past. She's also looking for a way to tell Brianna who her real father is. Framed by these dilemmas, the bulk of the story consists of the second installment of Claire and Jamie's adventures. Escaping the English death sentence passed against Jamie, they flee to prerevolutionary Paris, where they secretly work at foiling Bonnie Prince Charlie's efforts to regain the Scottish throne. But this espionage is only the beginning...A most entertaining mix of history and fantasy whose author, like its heroine, exhibits a winning combination of vivid imagination and good common sense. -- Copyright ©1992, Kirkus Associates, LP.
