Letting Go: A Novel (Thatch) By Molly McAdams

The *New York Times* and *USA Today* bestselling New Adult author returns with a sizzling novel of love, loss, guilt, and forgiveness.

Grey and Ben fell in love at thirteen and believed they'd be together forever. But three days before their wedding, the twenty-year-old groom-to-be suddenly died from an unknown heart condition, destroying his would-be-bride's world. If it hadn't been for their best friend, Jagger, Grey never would have made it through those last two years to graduation. He's the only one who understands her pain, the only one who knows what it's like to force yourself to keep moving when your dreams are shattered. Jagger swears he'll always be there for her, but no one has ever been able to hold on to him. He's not the kind of guy to settle down.

It's true that no one has ever been able to keep Jagger—because he's only ever belonged to Grey. While everyone else worries over Grey's fragility, he's the only one who sees her strength. Yet as much as he wants Grey, he knows her heart will always be with Ben. Still they can't deny the heat that is growing between them—a passion that soon becomes too hot to handle. But admitting their feelings for each other means they've got to face the past. Is being together what Ben would have wanted . . . or a betrayal of his memory that will eventually destroy them both?

Editorial Review

From the Back Cover

How do you let go of the past when your dreams of the future are shattered?

When Grey and Ben fell in love at thirteen, they believed they'd be together forever. They never dreamed that three days before their wedding, twenty-year-old Ben would suddenly die from an unknown heart condition, destroying his would-be-bride's world. Grey would have spent the next two years simply going through the motions if it hadn't been for their best friend, Jagger. He's the only one who understands her pain . . . the only one who knows what it's like to force yourself to keep moving when your dreams are shattered.

While everyone else worries over Grey's fragility, Jagger is the only one who sees her strength, and vows to always be there for her—even if it's only as her best friend. As much as he wants Grey, he knows her heart will always be with Ben. But when Grey finds out that Jagger has loved her since before he even knew what love was, it might prove to be too much for her to handle.

Grey soon realizes that their chemistry is undeniable and that admitting their feelings for each other means they've got to face the past. Is being together what Ben would have wanted . . . or a betrayal of his memory that will eventually destroy them both?
