## **Tell the Truth & Shame the Devil 2015** By Gerard Menuhin

Have you ever asked yourself why the world won't come to rest? Why your parents, grandparents or great-grandparents had to die in wars that never should have occurred in the first place? This book holds the answer . . .

Behind the scenes, events are controlled by a coterie of ethnic puppetmasters who work their marionettes in high places out of public view. How did this world get to the dark place it is today? Who could have stopped it and what can we do today?

The book consists of three sections. The first section concerns Adolf Hitler, and the real causes leading up to the outbreak of WWII.

The second section enlarges on the activities of the real culprits, provides a historical overview of their progress, their nature, their power over finance and the media, and the methods by which they achieved it.

The third section concerns the First and Second World Wars (what the author refers to as "the Second Thirty Years War"), their conception, funding and inescapable continuity; current laws against freedom of expression, and the evolution of the Orwellian state; the importance of U.S. support for the Soviet Union throughout the Cold War, and Communism's significance in the plan; the true origins of the enemy; Palestine's occupation and its fate as an example of our common fate; plus much more.

The text is interspersed with "Memos from Today," that emphasize its relevance by citing current events.

Hundreds of quotes are included from a wide range of authoritative sources, original and translated. The last pages of this manuscript comprise conclusions and predictions.

The author is the son of the great American-born violinist Yehudi Menuhin, who, though from a long line of rabbinical ancestors, fiercely criticized the foreign policy of the state of Israel and its repression of the Palestinians in the Holy Land.
