An Introduction to Applied Linguistics From Routledge

An Introduction to Applied Linguistics, Second Edition provides a complete, authoritative and up-to-date overview of the state of the field. Each of the 15 chapters offers an extended survey of a central element of Applied Linguistics and is co-authored by two leading international specialists, thus ensuring a full and balanced treatment of the topic covered. The book is divided into three sections: a description of language and language use; essential areas of enquiry; and the four skills and testing. An Introductory chapter familiarises readers with key issues and recurrent themes whilst hands-on activities and further reading sections for each chapter encourage practical analysis and wider reading. For this new edition, each chapter has been fully revised in line with new research and thinking in Applied Linguistics. With its accessible style, broad coverage and practical focus, this book is ideal for students of applied linguistics, TESOL, and second language pedagogy as well as practicing teachers and researchers wishing to update their knowledge.

Editorial Review

Review

'This is a good textbook for first year applied linguistics students or readers from other disciplines, as it gives a broad overview of the various sub-fields within applied linguistics....The strength of this book is in pedagogical linguistics: linguistics for the purpose of teaching a language.... Overall, I find this book easy to read and besides using it as a teaching tool for first year students, I would also use it as a reference book.'

SIL International

About the Author

Norbert Schmitt is Professor of Applied Linguistics at the University of Nottingham.

Users Review

From reader reviews:

Curtis Wilson:

The book An Introduction to Applied Linguistics has a lot of information on it. So when you make sure to read this book you can get a lot of advantage. The book was authored by the very famous author. Mcdougal makes some research just before write this book. This kind of book very easy to read you may get the point easily after reading this book.

Daniel Rogers:

Do you have something that you enjoy such as book? The publication lovers usually prefer to decide on book like comic, limited story and the biggest the first is novel. Now, why not hoping An Introduction to Applied Linguistics that give your enjoyment preference will be satisfied by reading this book. Reading behavior all over the world can be said as the means for people to know world considerably better then how they react in the direction of the world. It can't be stated constantly that reading practice only for the geeky particular person but for all of you who wants to become success person. So , for all you who want to start reading through as your good habit, you are able to pick An Introduction to Applied Linguistics become your starter.

Gretchen Meehan:

This An Introduction to Applied Linguistics is great reserve for you because the content and that is full of information for you who all always deal with world and possess to make decision every minute. This particular book reveal it details accurately using great coordinate word or we can point out no rambling sentences in it. So if you are read the item hurriedly you can have whole data in it. Doesn't mean it only provides you with straight forward sentences but tricky core information with attractive delivering sentences. Having An Introduction to Applied Linguistics in your hand like obtaining the world in your arm, details in it is not ridiculous just one. We can say that no reserve that offer you world with ten or fifteen minute right but this publication already do that. So , this really is good reading book. Hello Mr. and Mrs. occupied do you

still doubt in which?

Dorothy Payne:

Do you like reading a guide? Confuse to looking for your best book? Or your book had been rare? Why so many question for the book? But almost any people feel that they enjoy regarding reading. Some people likes reading through, not only science book but in addition novel and An Introduction to Applied Linguistics as well as others sources were given expertise for you. After you know how the good a book, you feel need to read more and more. Science reserve was created for teacher as well as students especially. Those books are helping them to add their knowledge. In some other case, beside science e-book, any other book likes An Introduction to Applied Linguistics to make your spare time more colorful. Many types of book like here.
