Princess in Love (The Princess Diaries, Vol. 3) By Meg Cabot

Princess Amelia Mignonette Grimaldi Thermopolis Renaldo may seem the luckiest girl ever.

She's a princess, for starters. She also lives in New York City. And while she's no supermodel, mirrors do not crack at her reflection. Best of all, she finally has a boyfriend.

The truth is, however, that Mia spends all her time doing one of three things: preparing for her nerve-racking entrée into Genovian society under the slave-driving but elegant Grandmère, slogging through congestion unique to Manhattan in December, and avoiding further smooches from her hapless boyfriend, Kenny.

All she wants is a little peace and quiet...and a certain someone else to be her boyfriend. For Mia, being a princess in love is not the fairy tale it's supposed to be...or is it?

Editorial Review

Amazon.com Review

It would seem that 14-year-old Mia Thermopolis ("five foot nine inches tall, with no visible breasts, feet the size of snowshoes") has the kind of life every Manhattan teenager could only dream of: She is, in her spare time, the princess of the European country of Genovia. Alas, the Royal Privilege is more like a Predicament. Not only does she have to endure daily princess lessons from her critical Grandmère ("It isn't as if I'm going to show up at the castle and start hurling olives at the ladies-in-waiting"), but her new stepfather is also her algebra teacher, her mother is pregnant and vomiting, she doesn't like her boyfriend very much, and she's convinced the real love of her life--her best friend's older brother--thinks of her as a kid.

Written in diary form like Louise Rennison's award-winning *Angus, Thongs, and Full-Frontal Snogging*, Meg Cabot's endearing and often hilarious novel *Princess in Love*--third in the series after *The Princess Diaries* and *Princess in the Spotlight*--is sure to appeal to teen readers who will be able to relate to Mia--a young woman who would like people to know that "behind this mutant facade beats the heart of a person who is striving, just like everybody else in this world, to find self-actualization." (Ages 12 and older) --*Karin Snelson*

From Publishers Weekly

From School Library Journal

Grade 6-9-In this frothy tale about the heir to the throne of Genovia, 14-year-old Mia wrestles royally with algebra at her New York City high school (her stepfather is her teacher), while learning Genovian protocol from her rigid grandmother, adding to the usual tale of teenage angst and drama. Through her diary entries, ranging from December 6 to her departure on December 20 for the tiny European nation that she will someday rule, readers follow Mia's ups and downs. Typical boyfriend troubles, a date for the Nondenominational Winter Dance (formerly Christmas Dance, which offended some students), and relationships with her friends are all part of the mix. Cabot has crafted characters who are recognizable in a plot that is fun to follow. A treat.
