The Keepers: The Box and the Dragonfly By Ted Sanders

Artifacts. Miseries. Mysteries . . .

From the moment Horace F. Andrews sees the sign from the bus--a sign with his own name on it--everything changes. The sighting leads him underground to the House of Answers, a hidden warehouse brimming with peculiar devices. But there he finds only questions. What is this curious place? Who are the strange, secretive people who entrust him with a rare and immensely powerful gift? And what is he to do with it?

As he works to master his newfound abilities, Horace quickly discovers that nothing is ordinary anymore. From the sinister thin man lurking around every corner to his encounters with Chloe--a girl who has an astonishing talent of her own--Horace follows a path that puts him in the middle of a centuries-old conflict between two mysterious factions.

Horace's journey leads him and Chloe deep into a place where every decision they make could have disastrous consequences. Most important, it links Horace to the Box of Promises and a future he never saw coming.

With an action-packed blend of fantasy and science fiction, Ted Sanders creates a world where everything is more than it seems and where friendship and loyalty have the greatest power of all.

Editorial Review

From School Library Journal

Gr 4–6—Who wouldn't be intrigued by a sign with their name on it? Unfortunately, the sign middle schooler Horace F. Andrews sees from the bus window really says "House of Answers," and it leads to a place filled with precious few of those. What he finds are mysteries galore, including a glass box with very special powers that he seems destined to control. Horace becomes caught up in a centuries-long battle between the Makers and the Keepers, groups with very different ideas about who should control the magical artifacts called Tanu. Along the way he befriends Chloe, headstrong and breathtakingly brave, who has been dealing with magic by herself since she was a young child. Together, they join the fight to save Chloe's father and destroy one particular nest of evil, run by Dr. Jericho and his golem. Refreshingly, our hero comes from a healthy and happy home (though Mom has a few mysteries of her own). At just over 600 pages, this brick of a book starts slowly and gets a bit bogged down in vocabulary. Supporting characters add interest, and the magical world is full of detail and wonder. Fans of Harry Potter and Gregor the Overlander will find this one entertaining.—Mara Alpert, Los Angeles Public Library
