We are in a highly transitional time on Earth as old structures break down in preparation for the new world that is coming. The accelerated pace of this time of spiritual evolution is forcing each of us to awaken the shaman within and reach our highest potential as quickly as possible. We no longer have the luxury of learning only from the past--we must also download information from the future in order to be fully present, fully conscious, in our most embodied and best self now.

Incorporating the wisdom teachings of Seneca Wolf Clan Grandmother Twylah Nitsch with shamanic journeys and shamanic breathwork practices, Linda Star Wolf and Anne Dillon explain how to heal the past, learn from the future, and activate the imaginal cells within our human energy field. Imaginal cells are the energies of what has already happened and will happen stored in the blueprint of the invisible world. By tuning in to these imaginal cells, you can open access to your spiritual blueprint--the hologram of who your highest, best self is meant to be--and accelerate your evolutionary potential in this lifetime. Including information received by Star Wolf from the future, the book explores how to develop a communication link with the universe, receive guidance from the universal mind, and draw information from the future to be more potent and powerful in the present, live in harmony with one another and the planet, and fully prepare yourself for the new world to come.

Review

“A beautiful work of wisdom and inspiration; powerful medicine for a soul-sick and frightened world.”
(Allan Combs, coauthor of *Thomas Berry: Dreamer of the Earth* and professor of transformative studies)

“This highly readable book is a goldmine of fascinating material. It clearly demonstrates how past-life memories, including past-life knowledge, can spontaneously rise to the surface to be reexperienced and reenacted in places where we have lived before.” (Sabine Lucas, Ph.D., Jungian analyst and author of *Past life Dreamwork*)

“*Visionary Shamanism* reminds us to create from the future and not from the past. Through its many wonderful stories, ancient spiritual teachings are revealed, and clear guidance is offered as to how we can heal our past and clear the way to be the best self we are meant to be.” (Christine R. Page, M.D., author of *2012 and the Galactic Center*)

“*Visionary Shamanism* shows us the journey: release ego and past wounds, integrate the lessons from our family tree, and live our soul’s purpose by embracing the Tree of Life. Surrender, synchronicity, compassion, and consciousness are all woven into an exciting shamanic voyage to help us live in the larger picture of Spirit.” (Judith Corvin-Blackburn, author of *Journey to Wholeness: A Guide to Inner Healing*)

“*Visionary Shamanism* deconstructs current shifts happening on the planet. The authors provide us with the hopeful and fascinating fuel to ignite our hearts at an intuitive level and instigate the requisite inner shamanic journey each of us must make to solidify that change. It is the perfect read for the times we live in.” (Laura Carpini, author of *Bear Speaks: The Story of 7 Sacred Lessons Learned from a Montana Grizzly*)

“*Visionary Shamanism* summons the power of the future self and the imaginal cells to invoke the remembering of self as Divine creator and midwife of the new Earth. An inspiring, illuminating, and heart-centered read.” (Danielle Rama Hoffman, author of *The Temples of Light*)

“I applaud the authors for keeping the shamanic tradition alive and for providing transformational tools to help us realize the fulfillment of our soul’s true purpose. *Visionary Shamanism* will assist readers in their understanding of co-creation as we birth the new Earth.” (Thea Summer Deer, clinical herbalist, singer-songwriter, and author of *Wisdom of the Plant Devas*)

“*Visionary Shamanism* contains stories, antidotes, and practices to help create our best future selves. We are here to express and fulfill our part in the spiritual evolution of humanity and the planet. This book is an expression of this evolution and a tool to explore your own potentials.” (Julie Tallard Johnson, MSW, LCSW, transpersonal counselor and author of *Wheel of Initiation*)

“*Visionary Shamanism* presents an incredibly incisive look at where we are now, and how we need to get where we are going...The material in this book is presented through story and anecdote. It flows easily, and can be used by individuals of any religious or cultural background, and all levels of shamanic experience. I find it to be a very accessible tool of personal empowerment.” (Bonnie Cehovet, December 2011)

“With an included CD that hopes to help readers embark on a spiritual and musical journey of their own,

Visionary Shamanism is a strongly recommended pick for followers of new age philosophy, very much recommended.” (*Midwest Book Review*)

“*Visionary Shamanism* is a beautifully written guide. There is a grounded spirituality to this writing, and the authors’ ability to both express and celebrate humanity makes it accessible to everyone who is searching for a higher meaning.” (*Molly M. Roberts, M.D., president of the American Holistic Medical Association*)

“The author has brilliantly woven together spiritual experience, scientific knowledge, literature, popular media, philosophy and metaphysics from diverse current and ancient cultures to exemplify her concepts. This book is tightly written, worthy of multiple readings, and composed of deep understanding resulting from a lifetime of shamanic work.” (*Aura Magazine, December 2012*)
