**A Complete Guide to the Final FRCR 2B (MasterPass)** By Deepak Subedi, Marialena Gregoriades, En Hsun Choi, John T Murchison

This book aims to help candidates preparing for the Final FRCR 2B examinations held by the Royal College of Radiologists of the UK, and the Joint Final FRCR/FHKCR Part B Examination for the Fellowship of the Royal College of Radiologists and Hong Kong College of Radiologists. This book provides advice on preparation techniques, followed by dozens of practice cases and images relevant to all three sections of the examination: reporting session, rapid reporting session and oral examination/viva voce. The richly-illustrated book contains images of plain X-rays, CT, MR, US and radionuclide scans, making it particularly useful for candidates who have limited access to teaching or film libraries. A selection of both common and uncommon cases is included, giving candidates a realistic idea of the level of preparation and the breadth and depth of knowledge needed for success. Although primarily focused on the FRCR 2B examination, radiology trainees across the world facing viva and reporting sessions and candidates for American Board Examinations will find this a useful and informative book.
