Getting to Know ArcGIS By Michael Law, Amy Collins

Getting to Know ArcGIS, fourth edition, is a comprehensive introduction to the features and tools of ArcGIS for Desktop. Through hands-on exercises, readers will discover, use, make, and share maps with meaningful content. The fourth edition includes new exercises on map sharing and georeferencing, new datasets and scenarios, and an introduction to ArcGIS Pro, a powerful new part of ArcGIS for Desktop. Getting to Know ArcGIS is suited for classroom use, independent study, and as a reference. Data for completing the exercises and a 180-day trial of ArcGIS 10.3 for Desktop are available for download at esripress.esri.com/bookresources.

Editorial Review

About the Author

Michael Law is a cartographer with over a decade of professional GIS experience. He has worked for Rand McNally Canada and for Esri, where he developed cartography for books, and edited and tested GIS workbooks. He continues to work with GIS software, writing technical documentation, teaching training courses, and designing and optimizing user interfaces.

Amy Collins is a writer and editor who has worked with GIS for thirteen years. She was a technical editor for Esri, where she honed her GIS skills and cultivated an interest in designing effective instructional materials. She continues to develop books on GIS education, among other projects

Users Review

From reader reviews:

Brenda Taylor:

Book is usually written, printed, or created for everything. You can know everything you want by a e-book. Book has a different type. As it is known to us that book is important issue to bring us around the world. Adjacent to that you can your reading ability was fluently. A e-book Getting to Know ArcGIS will make you to become smarter. You can feel a lot more confidence if you can know about almost everything. But some of you think in which open or reading the book make you bored. It's not make you fun. Why they might be thought like that? Have you in search of best book or appropriate book with you?

Ray Nicolas:

The book Getting to Know ArcGIS can give more knowledge and information about everything you want. So why must we leave the best thing like a book Getting to Know ArcGIS? A few of you have a different opinion about book. But one aim this book can give many information for us. It is absolutely right. Right now, try to closer together with your book. Knowledge or details that you take for that, you can give for each other; you may share all of these. Book Getting to Know ArcGIS has simple shape nevertheless, you know: it has great and big function for you. You can seem the enormous world by open and read a publication. So it is very wonderful.

Rick Fairchild:

Reading a guide tends to be new life style with this era globalization. With examining you can get a lot of information that could give you benefit in your life. Along with book everyone in this world can easily share their idea. Publications can also inspire a lot of people. Many author can inspire their very own reader with their story or maybe their experience. Not only the storyline that share in the guides. But also they write about advantage about something that you need case in point. How to get the good score toefl, or how to teach your young ones, there are many kinds of book that you can get now. The authors on this planet always try to improve their expertise in writing, they also doing some exploration before they write for their book.

One of them is this Getting to Know ArcGIS.

Brian Robinson:

A lot of publication has printed but it takes a different approach. You can get it by world wide web on social media. You can choose the most beneficial book for you, science, comedian, novel, or whatever by searching from it. It is called of book Getting to Know ArcGIS. You can contribute your knowledge by it. Without leaving behind the printed book, it might add your knowledge and make an individual happier to read. It is most critical that, you must aware about book. It can bring you from one location to other place.
