### **Moon Signs: The Key to Your Inner Life** By Donna Cunningham

If you think your astrological fate is sealed by your Sun sign, think again! Your emotions, instincts, intuition, and most private passions are dominated by your Moon sign. It throws light on such mysteries as why an Aquarian like Ronald Reagan is no radical, and why a Virgo like Raquel Welch is no virgin. Reagan's Moon is in conservative Taurus, and Welch's is in sexy Scorpio.

In this eye-opening volume, world-famous astrologer and therapist Donna Cunningham unravels the often bewildering effects of lunar influence: a person's potential for intimacy...sense of security...family ties...susceptibility to indulgence in food or drink...career ambition...as well as how men and women respond differently to the same lunar promptings in love and life.

Cunningham provides all the information you need to determine your own and others' Moon signs -- and analyze their power. Moon Signs also charts the daily, monthly, and yearly courses of the moon, which create those predictable mood swings -- our "emotional weather".

The time-honored tradition of astrology has today come into its own as a resource for human development and spiritual insight. For astrological novices and veterans alike, Cunningham's invaluable guide will pave the way to a more profound understanding of the uncharted and sometimes dark side of the soul.

## **Editorial Review**

From the Publisher

When this book was originally published, Sun Sign astrology held sway over popular astrology and MOON SIGNS offered a much needed corrective. The author's very readable, entertaining advice is still valuable for novices and veterans alike, and helps readers understand how the moon can help us understand our emotional weather, changing moods, inner life and our sometimes dark side of the soul.
