The Complete Valley of the Kings: Tombs and Treasures of Ancient Egypt's Royal Burial Site By Nicholas Reeves, Richard H. Wilkinson

This account of the Valley of the Kings brings together its art, archaeology and history in one volume arranged thematically. Famous as the burial place of the great New Kingdom pharaohs - such as Tutankhamun, Ramesses the Great and Tuthmosis IV - this valley contains some 80 tombs which were dug at the climax of Egyptian power more than 3000 years ago. The account includes full descriptions of over 80 tombs, complete with factfiles, lists of contents and computer-generated perspective cutaway views. It describes the burials and mummies of famous pharaohs, from Tutankhamun and gives a blow-by-blow account of the rediscovery of the tombs, from Greek and Roman times to Howard Carter and the present day. It details the latest research by the international teams in the valley, including the discovery of the tomb for the sons of Ramesses the Great. The planning and ritual purpose of the tombs is also described, from the royal workforce to the scenes from the mysterious "afterlife" books adorning the tomb wall. A full reference section, including a guide to visiting the valley, is also given.

"A richly illustrated, reasonably priced account of the burial sites of Egypt's greatest rulers."

From the Back Cover

Here is the definitive account of the Valley of the Kings, visited by millions of tourists and famous throughout the world as the burial place of the great New Kingdom pharaohs. Some eighty tombs were dug in the valley at the height of Egyptian power more than 3,000 years ago, their chambers stocked with incredible treasures and decorated with magnificent wall paintings. It was here, in 1922, that Howard Carter stumbled upon the virtually intact tomb of the boy-king, Tutankhamun. Recently the valley has made international headlines with the discovery of the burial chapels of Ramesses the Great's many sons; *The Complete Valley of the Kings* is the first book to publish an account of these remarkable findings.
