The Oxford Handbook of the History of Nationalism (Oxford Handbooks)

By John Breuilly

The Oxford Handbook of the History of Nationalism comprises thirty six essays by an international team of leading scholars, providing a global coverage of the history of nationalism in its different aspects - ideas, sentiments, politics. Every chapter takes the form of an interpretative essay which, by a combination of thematic focus, comparison, and regional perspective enables the reader to understand nationalism as a distinct and global historical subject.

The book covers the emergence of nationalist ideas, sentiments, and cultural movements before the formation of a world of nation-states as well as nationalist politics before and after the era of the nation-state, with chapters covering Europe, the Middle East, North-East Asia, South Asia, South-East Asia, and the Americas. Essays on everyday national sentiment and race ideas in fascism are accompanied by chapters on nationalist movements opposed to existing nation-states, nationalism and international relations, and the role of external intervention into nationalist disputes within states. In addition, the book looks at the major challenges to nationalism: international socialism, religion, pan-nationalism, and globalization, before a final section considering how historians have approached the subject of nationalism.

Taken separately, the chapters in this Handbook will deepen understanding of nationalism in particular times and places; taken together they will enable the reader to see nationalism as a distinct subject in modern world history.

Editorial Review

Review

an impressive volume of easy-to-read, clear and concise essays ... an extremely thorough and illuminating book. Gilles Andreani, *Survival* All students of nationalism will want to possess this volume. Not only are the individual contributions excellent, with useful up-to-date bibliographies, but there is a bonus in the form of helpful chronologies and maps showing the worldwide spread of nationalism. Krishan Kumar, *International Affairs* Taken at once, the book juxtaposes advances from numerous regional and thematic subfields to open up theoretical vistas for specialists. At the same time, its chapters decorate this theoretical tableau with rich detail. As such the book will engage both students and lay readers. Eric Kaufmann, *LSE Review of Books* The book is both a handy reference to the state of the field and the place for students and experts alike to begin an investigation of a complex and fraught subject which never seems to lose its potency to disturb ... Breuilly has provided one of the best places to delve deeply into the murky and turbulent waters of national history. In an age when ethnic and religious conflicts roil our world, understanding how we ended up with the nation form may be a useful first step to thinking beyond that confining framework. Ronald Grigor Suny, *English Historical Review*

About the Author

John Breuilly is Professor of Nationalism and Ethnicity at the London School of Economics. His main interests are in the history and theory of nationalism and in modern European, especially German history. Recent book publications include *Austria, Prussia and the Making of Modern Germany, 1806-1871* (2011), *Nationalism, Power and Modernity in Nineteenth-Century Germany* (2007), and articles and chapters on charismatic leadership and nationalism and on nationalism and global history. He is currently working on a book on the global history of nationalism, also to be published by Oxford University Press.

Users Review

From reader reviews:

Rafael Brooks:

Book will be written, printed, or illustrated for everything. You can realize everything you want by a e-book. Book has a different type. As we know that book is important point to bring us around the world. Close to that you can your reading proficiency was fluently. A book *The Oxford Handbook of the History of Nationalism (Oxford Handbooks)* will make you to always be smarter. You can feel considerably more confidence if you can know about anything. But some of you think that will open or reading a new book make you bored. It is not make you fun. Why they can be thought like that? Have you in search of best book or appropriate book with you?

Beth Stewart:

The book *The Oxford Handbook of the History of Nationalism (Oxford Handbooks)* can give more knowledge and also the precise product information about everything you want. So why must we leave the great thing like a book *The Oxford Handbook of the History of Nationalism (Oxford Handbooks)*? Several of

you have a different opinion about e-book. But one aim that book can give many data for us. It is absolutely proper. Right now, try to closer along with your book. Knowledge or info that you take for that, it is possible to give for each other; it is possible to share all of these. Book The Oxford Handbook of the History of Nationalism (Oxford Handbooks) has simple shape however you know: it has great and large function for you. You can search the enormous world by open and read a reserve. So it is very wonderful.

Mark Whitten:

Do you have something that you like such as book? The e-book lovers usually prefer to pick book like comic, quick story and the biggest the first is novel. Now, why not hoping The Oxford Handbook of the History of Nationalism (Oxford Handbooks) that give your entertainment preference will be satisfied by means of reading this book. Reading addiction all over the world can be said as the way for people to know world considerably better then how they react in the direction of the world. It can't be said constantly that reading habit only for the geeky man but for all of you who wants to become success person. So , for every you who want to start reading as your good habit, you are able to pick The Oxford Handbook of the History of Nationalism (Oxford Handbooks) become your own personal starter.

Magdalena McKinney:

As a college student exactly feel bored in order to reading. If their teacher inquired them to go to the library or make summary for some guide, they are complained. Just little students that has reading's heart and soul or real their interest. They just do what the professor want, like asked to the library. They go to right now there but nothing reading really. Any students feel that studying is not important, boring in addition to can't see colorful photos on there. Yeah, it is for being complicated. Book is very important for you. As we know that on this time, many ways to get whatever we would like. Likewise word says, many ways to reach Chinese's country. Therefore this The Oxford Handbook of the History of Nationalism (Oxford Handbooks) can make you sense more interested to read.
