Cooking with the Bears: Healthy Recipes by Hairy Men By Angelo Sindaco

“Now there is a cookbook that rises above the junk?and it’s specifically designed for a subculture of hirsute, hyper-masculine homosexuals. That’s right: Bears just got their very own cookbook.”-Vice Munchies.

Cooking with the Bears is the first and only book that uniquely captures “bears” creating delicious Italian dishes in their own kitchens. Photographer Angelo Sindaco explores this fascinating culture through a series of “intimate portraits” that “seize the soul, the spirit, and the style of his subjects.” -Satellite Magazine. From Gramigna with Sausages to Guinness Cake, from Folktronic Spaghetti to Alternative Caponata, the 32 distinctive recipes in this cook-book offer an entertaining insight into cooking in the bear’s den. The book even features a foreword by Mike Enders, the founder of AccidentalBear.com, the benchmark for gay art, culture, fashion and music.

Editorial Review

Review

The book has stunning images of just the kind of men we love. Whether the book ever makes it into the kitchen, or just lives on the living room coffee table, *Cooking with the Bears* will be the talk of the town. (*Satellite Magazine*)

About the Author

Angelo Sindaco has been working as a photographer for a number of years and creating books out of his photographs on everything from cooking to fashion to youth culture. Angelo Sindaco approaches different worlds (the skinhead movement, music, sports), without taking a look at the political or ideological but rather returning to intimate, direct portraits that know how to seize the soul, the spirit, the style of his subjects. Angelo Sindaco drew cartoons for the seminal art and punk magazine *Frigidaire* in the early 1990s, and has long since established himself as a photographer for *Vice* and *Rodeo Magazine* among others, taking backstage pictures and live video footage at clubs. In 2000, this work led him to found EVA (Experimental Visual Arts), which puts artists and innovators in the front line.
