Livestock housing: Modern management to ensure optimal health and welfare of farm animals From Wageningen Academic Publishers

Appropriate housing that promotes excellent health and high welfare for different livestock species is an essential aspect of sustainable animal production. The appropriate design of livestock buildings is a fast changing and ever improving professional endeavour. This book is set out to review the 'current best practice management' in relation to all key design elements of livestock buildings. It is important to manage these buildings correctly to generate environmental conditions that will enhance the health and welfare of livestock, the health of farm workers and people living near farming operations. 'Livestock housing' is written for all those who are involved in managing the health and welfare conditions of housed livestock on commercial farms, including farm workers, animal scientists, veterinarians, agricultural engineers and of course students. Contributions have been solicited from highly respected specialists from around the world. All key areas of housing management are reviewed, including feeding, watering, ventilation and waste management systems. Furthermore, issues such as the control of emissions, role of bedding, maintenance of hygiene, the management of thermal and aerial environment as well as the use of modern technological tools in the service of livestock management are discussed. This book provides a unique forum for leading international experts to convey up-to-date information to professionals involved in modern animal production.

Users Review

From reader reviews:

Bonnie Daves:

This Livestock housing: Modern management to ensure optimal health and welfare of farm animals book is just not ordinary book, you have it then the world is in your hands. The benefit you get by reading this book is information inside this publication incredible fresh, you will get data which is getting deeper you read a lot of information you will get. That Livestock housing: Modern management to ensure optimal health and welfare of farm animals without we recognize teach the one who reading it become critical in pondering and analyzing. Don't always be worry Livestock housing: Modern management to ensure optimal health and welfare of farm animals can bring once you are and not make your tote space or bookshelves' turn out to be full because you can have it within your lovely laptop even mobile phone. This Livestock housing: Modern management to ensure optimal health and welfare of farm animals having great arrangement in word as well as layout, so you will not experience uninterested in reading.

Johnny Harper:

As we know that book is important thing to add our expertise for everything. By a reserve we can know everything we would like. A book is a set of written, printed, illustrated or even blank sheet. Every year has been exactly added. This e-book Livestock housing: Modern management to ensure optimal health and welfare of farm animals was filled concerning science. Spend your spare time to add your knowledge about your research competence. Some people has different feel when they reading some sort of book. If you know how big advantage of a book, you can experience enjoy to read a reserve. In the modern era like at this point, many ways to get book that you simply wanted.

Beth French:

That reserve can make you to feel relax. This specific book Livestock housing: Modern management to ensure optimal health and welfare of farm animals was colourful and of course has pictures on the website. As we know that book Livestock housing: Modern management to ensure optimal health and welfare of farm animals has many kinds or style. Start from kids until adolescents. For example Naruto or Private investigator Conan you can read and believe you are the character on there. Therefore , not at all of book tend to be make you bored, any it offers you feel happy, fun and loosen up. Try to choose the best book to suit your needs and try to like reading that.

Brett Nash:

As a student exactly feel bored for you to reading. If their teacher expected them to go to the library as well as to make summary for some book, they are complained. Just tiny students that has reading's internal or real their leisure activity. They just do what the educator want, like asked to go to the library. They go to generally there but nothing reading really. Any students feel that looking at is not important, boring as well as can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this era, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Livestock housing: Modern management to ensure optimal health and welfare of farm animals can make you feel more interested to read.
