## **Hacking the Holy Grail: The Trader's Guide to Cracking the Code of Profitability** By Doc Severson

A question that's asked again and again from traders around the globe is "What is the BEST trading strategy? I want to make money consistently, but I want to do so in a SAFE manner because I can't afford to take any losses." Well, it's what investors the world over are looking for, right? And this is why professional traders refer to this commonly-sought, yet elusive trading strategy as "The Holy Grail." Like Sir Percival in King Arthur's Court or Indiana Jones from the film series, traders are forever in search of the Holy Grail....the strategy that risks little capital while it consistently grows their account balance. Trading students search for the Grail by going to one vendor after another, looking for the right mentor that will finally unlock these secrets of freedom. And it's no surprise that this quest is analogous to the search for the mythical Holy Grail, in that it leads to one dead end after another. In Doc Severson's book, "Hacking the Holy Grail: The Trader's Guide to Cracking the Code of Profitability," he offers an alternative solution to finding the "Grail" strategy. The Grail that traders seek might be in a place they never thought to look in the first place - inside of them.

### **Editorial Review**

#### **About the Author**

Doc has been trading the market in one form or another since the mid-1990's, when his fundamental knowledge of the Tech industry led to great performance trading Tech stocks... however his experience with the subsequent downturn and lack of performance in "professionally managed" funds convinced him that he needed better education in the topic, and to assume command of his own financial destiny. Ultimately he settled on Equity Options as his chosen specialty, and has been trading them as a professional self-directed trader since the mid 2000's. Around this time, word got out of Doc's ability to explain the "complex" and he's been helping mentor other traders ever since. More information about Doc's free content, trading courses and daily newsletter services can be found at: <http://docstradingtools.com>
