Editorial Review

Review

"This book isn't one that requires you to read it all the way through, as the author freely admits. But if you have a question about retirement plans, emergency funds, 529 plans or the right stock/bond mix, among many other subjects, it's a fine financial road map. Benz's conversational, straightforward make this a pleasant and very useful read."

—Associated Press, January 2010

From the Inside Flap

Today's investor faces money challenges that were unimaginable just a few short years ago. How can you meet the demands of housing, college savings, retirement, and other financial goals without spending all of your spare time focused on them?
