OSCE Stations for Medical Finals: Book 2 By Adam Feather, Ashling Lillis, Anthony Joy

This second new "OSCE" title delivers another set of up to date popular cases encountered on the wards and in the exams. "OSCE Stations for Medical Finals Book 2: Scenarios" is created to reflect current exam topics, each scenario is subdivided into 4 to 6 related tasks. The reader is guided through stations covering: history taking, clinical signs, data interpretation, and clinical therapeutics. By working methodically through the tasks the authors hope to promote the application and utilisation of knowledge and skills, asking candidates to think and act on the clinical information they have gathered. As the stations and tasks are linked, the candidate starts at station 1, and moves through each of the subsequent stations in the given order. Mirroring the real world, each task would be performed on the same patient.
