Split Infinity (The Apprentice Adept, Book 1) By Piers Anthony

On the technological, decadent world of Proton, someone was trying to destroy Stile, serf and master Gamesman. His only escape lay in Phaze, a world totally ruled by magic. Soon he learned that his alternate self had already been murdered, and that he was next. On Proton, his fate depended on winning the great Games. On Phaze, he must master magic to survive. And if he used any magic at all, his friends were determined to kill him at once!

Editorial Review

Amazon.com Review

Split Infinity is the first book in Piers Anthony's Apprentice Adept series. Here two worlds exist side by side: Proton and Phaze. Proton is a science fiction world, where everything works in a logical and scientific manner. Phaze is a fantasy world similar to Anthony's Xanth in that there's no such thing as science--it's all done with magic! The wild plot involves a young adventurer named Stiles who lives in Proton and learns that his "double" in Phaze has been murdered. To solve his own demise, Stiles must travel between the two realities, each abounding with the expected confusions and unexpected plot twists for which Anthony is famous. An artful blending of SF and fantasy clichés and situations, *Split Infinity* shows Piers Anthony at the top of his ingenious game(s). --Stanley Wiater

From the Inside Flap

On the technological, decadent world of Proton, someone was trying to destroy Stile, serf and master Gamesman. His only escape lay in Phaze, a world totally ruled by magic. Soon he learned that his alternate self had already been murdered, and that he was next. On Proton, his fate depended on winning the great Games. On Phaze, he must master magic to survive. And if he used any magic at all, his friends were determined to kill him at once!

About the Author

Piers Anthony, sometimes called Pier Xanthony, is the pseudonym of a Mundane character who was born in England in 1934, came to America in 1940, was naturalized in 1958, and moved to Xanth in 1977. His first story was published in 1963, and his first novel, *Chthon*, in 1967. His first Xanth novel, *A Spell for Chameleon*, won the August Derleth Fantasy Award as the best novel for 1977, and his fantasy novels began placing on the *New York Times* bestseller list with *Ogre, Ogre*. He shifted from writing in pencil to writing on the computer, and *Golem in the Gears* was his first novel created on the machine; naturally, the computer found its way into Xanth.

Users Review

From reader reviews:

Betty Ahlstrom:

Here thing why this Split Infinity (The Apprentice Adept, Book 1) are different and reputable to be yours. First of all examining a book is good but it really depends in the content than it which is the content is as yummy as food or not. Split Infinity (The Apprentice Adept, Book 1) giving you information deeper including different ways, you can find any guide out there but there is no e-book that similar with Split Infinity (The Apprentice Adept, Book 1). It gives you thrill examining journey, its open up your current eyes about the thing in which happened in the world which is maybe can be happened around you. It is easy to bring everywhere like in park, café, or even in your technique home by train. If you are having difficulties in bringing the published book maybe the form of Split Infinity (The Apprentice Adept, Book 1) in e-book can be your option.

John Richey:

Nowadays reading books become more and more than want or need but also turn into a life style. This reading habit give you lot of advantages. The benefits you got of course the knowledge the particular information inside the book in which improve your knowledge and information. The details you get based on what kind of guide you read, if you want get more knowledge just go with schooling books but if you want sense happy read one together with theme for entertaining for example comic or novel. Often the Split Infinity (The Apprentice Adept, Book 1) is kind of guide which is giving the reader unstable experience.

William Pak:

Spent a free time to be fun activity to complete! A lot of people spent their free time with their family, or all their friends. Usually they doing activity like watching television, planning to beach, or picnic inside park. They actually doing ditto every week. Do you feel it? Will you something different to fill your free time/ holiday? Can be reading a book might be option to fill your free of charge time/ holiday. The first thing that you ask may be what kinds of reserve that you should read. If you want to consider look for book, may be the book untitled Split Infinity (The Apprentice Adept, Book 1) can be excellent book to read. May be it is usually best activity to you.

Carey Gilliam:

Are you kind of occupied person, only have 10 or even 15 minute in your time to upgrading your mind talent or thinking skill even analytical thinking? Then you are having problem with the book when compared with can satisfy your short period of time to read it because this time you only find reserve that need more time to be read. Split Infinity (The Apprentice Adept, Book 1) can be your answer as it can be read by an individual who have those short extra time problems.
