### **The Fall of the Soviet Union, 1991 (Monumental Milestones: Great Events of Modern Times)** By Susan Sales Harkins and William H. Harkins

Soviet history begins with bloodshed, oppression, and strife. Civil War stained the Russian landscape with the blood of its people after Nicholas II abdicated his throne to a provisional government. The Bolsheviks wanted Russia, and eventually they took her. Peasants became citizens with rights, but the truth is, the civil war only changed the name of their oppressor from czar to Communist dictator. After decades of isolation and sometimes harsh living conditions, Mikhail Gorbachev ushered in an age of reform, but in doing so, he made enemies. Then, Boris Yeltsin championed reform and the rights of the people. When Communist hard-liners made one last effort to regain control, Yeltsin held his ground. Unlike its birth, the death of the Soviet Union saw little bloodshed. After seventy years, even the Communist hard-liners no longer had the stomach for killing their citizens to keep control. The union dissolved in 1991.

### **Editorial Review**

#### **Review**

"The series is visually appealing and highly readable."

"The book excels for its depiction of the personal impact of the destruction."

"These titles make first-rate alternatives to the numerous same-topic volumes available for this audience. Supported by frequent, relevant photographs and maps, as well as generous lists of recent and classic multimedia resources, both books combine absorbing narratives with sharp cause-and-effect analyses."

"While the author addresses a complex and difficult topic in less than 40 pages, his treatment is surprisingly focused and absorbing. . . While much of the text is matter-of-fact, there is an emotionally charged tone that takes over whenever the author describes the treatment of the victims, as if he understands that he has limited opportunity to create a lasting impact on readers. Accompanying historical photographs are generally well placed and of decent quality. While this book is far from comprehensive, it provides an adequate and serious introduction to the Holocaust, one that would hopefully spark young people to continue their research of the topic."

#### **About the Author**

Susan and Bill Harkins live in Kentucky, where they enjoy writing together for children. Susan has written many books for adults and children. Bill is a history buff. In addition to writing, Bill is a member of the Kentucky Civil Air Patrol and the Kentucky Air National Guard.

### **Users Review**

#### **From reader reviews:**

##### **Robert Grant:**
