Contra la felicidad. En defensa de la melancolia (Pensamiento / Taurus) (Spanish Edition) By Eric G. Wilson

More than any other generation, Americans today believe in the transformative power of positive thinking. But who says we're supposed to be happy? Where does it say that in the Bible or the Constitution? Scholar Eric G. Wilson argues that all thriving cultures need melancholia -it is the muse of great literature, painting, music, and innovation, as well as the force underlying original insights. Francisco Goya, Emily Dickinson, Marcel Proust, and Abraham Lincoln were all confirmed melancholics, so enough Prozac-ing of our brains. Let's embrace our depressive sides as the wellspring of creativity. What most people take for contentment, Wilson argues, is living death, and what the majority takes for depression, is a vital force. In Against Happiness: In Praise of Melancholy, Wilson suggests it would be better to relish the blues that make humans become people. Description in Spanish: Todos somos adictos a la felicidad. Cuando no nos atiborramos de pildoras, nos sumergimos en libros de autoayuda de todo tipo de autores, que van de filósofos aficionados a psicólogos clínicos, pasando por el mismísimo Dalai Lama- sobre cómo alcanzar una vida sin problemas. Mas que cualquier generación anterior, la nuestra cree en el poder transformador del pensar en positivo. Pero quién ha dicho que debemos ser felices? En qué pasaje de la Biblia o de la Constitución se dice? En Contra la felicidad, Eric G. Wilson defiende que la melancolía es necesaria para cualquier cultura prospera, la musa de la buena literatura, pintura, música e innovación y la fuerza que subyace a toda idea original. Francisco de Goya, Emily Dickinson, Marcel Proust y Abraham Lincoln eran, todos ellos, melancólicos confirmados. Así que no más Prozac en nuestros cerebros, aceptemos nuestro lado depresivo como motor de creatividad y tomémonos la melancolía como lo que es: una fuerza vital.
