Intelligence in an Insecure World By Peter Gill, Mark Phythian

Over a decade on from the terrorist attacks of 9/11, intelligence continues to be of central importance to the contemporary world. Today there is a growing awareness of the importance of intelligence, and an increasing investment in it, as individuals, groups, organizations and states all seek timely and actionable information in order to increase their sense of security.

But what exactly is intelligence? Who seeks to develop it and how? What happens to intelligence once it is produced, and what dilemmas does this generate? How can liberal democracies seek to mitigate problems of intelligence, and what do we mean by “intelligence failure?” In a fully revised and expanded new edition of their classic guide to the field, Peter Gill and Mark Phythian explore these and other questions. Together they set out a comprehensive framework for the study of intelligence, discussing how ‘intelligence’ can best be understood, how it is collected, analysed, disseminated and acted upon, how it raises ethical problems, and how and why it fails.

Drawing on a range of contemporary examples, *Intelligence in an Insecure World* is an authoritative and accessible guide to a rapidly expanding area of enquiry - one which everyone has an interest in understanding.

Editorial Review

Review

"Gill and Phythian have done it again: produced a comprehensive, readable, nicely illustrated, and thought-provoking examination of national security intelligence in today's uncertain and dangerous world. Want to know all about espionage, covert action, and counterintelligence? Here's an excellent place to begin."

Loch K. Johnson, University of Georgia

"Gill and Phythian provide the best introduction to the study of security and intelligence in democratic societies. They have done so by marrying the rigour of academic analysis with the accessibility of more popular accounts – no mean trick. The new edition is not only updated to include the most contemporary developments, but also expands and deepens the authors' critical reflections on the state of intelligence in the post-9/11 world. This is a must-read for everyone concerned with security in the face of terrorism and for democratic freedoms in the face of the expansion of state security powers."

Reg Whitaker, York University, Ontario

Users Review

From reader reviews:

John Richardson:

The ability that you get from Intelligence in an Insecure World may be the more deep you searching the information that hide in the words the more you get enthusiastic about reading it. It doesn't mean that this book is hard to understand but Intelligence in an Insecure World giving you joy feeling of reading. The copy writer conveys their point in specific way that can be understood by means of anyone who read the idea because the author of this guide is well-known enough. That book also makes your current vocabulary increase well. That makes it easy to understand then can go together with you, both in printed or e-book style are available. We recommend you for having that Intelligence in an Insecure World instantly.

Verna Smith:

This Intelligence in an Insecure World is fresh way for you who has fascination to look for some information mainly because it relief your hunger of knowledge. Getting deeper you on it getting knowledge more you know otherwise you who still having little bit of digest in reading this Intelligence in an Insecure World can be the light food for yourself because the information inside that book is easy to get by means of anyone. These books build itself in the form and that is reachable by anyone, yes I mean in the e-book web form. People who think that in reserve form make them feel tired even dizzy this guide is the answer. So there isn't any in reading a e-book especially this one. You can find actually looking for. It should be here for you actually. So , don't miss this! Just read this e-book kind for your better life and also knowledge.

Ellen Jorge:

As a college student exactly feel bored to reading. If their teacher expected them to go to the library in order to make summary for some publication, they are complained. Just small students that has reading's heart and soul or real their leisure activity. They just do what the teacher want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that studying is not important, boring in addition to can't see colorful images on there. Yeah, it is being complicated. Book is very important for you. As we know that on this age, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this Intelligence in an Insecure World can make you sense more interested to read.

David Manning:

What is your hobby? Have you heard which question when you got learners? We believe that that issue was given by teacher to their students. Many kinds of hobby, Every individual has different hobby. And also you know that little person including reading or as studying become their hobby. You must know that reading is very important as well as book as to be the thing. Book is important thing to include you knowledge, except your teacher or lecturer. You will find good news or update regarding something by book. Many kinds of books that can you decide to try be your object. One of them are these claims Intelligence in an Insecure World.
