Investigating Cyber Law and Cyber Ethics: Issues, Impacts and Practices

By Alfreda Dudley

Investigating Cyber Law and Cyber Ethics: Issues, Impacts and Practices
By Alfreda Dudley

Ethical values in computing are essential for understanding and maintaining the relationship between computing professionals and researchers and the users of their applications and programs. While concerns about cyber ethics and cyber law are constantly changing as technology changes, the intersections of cyber ethics and cyber law are still underexplored.

Investigating Cyber Law and Cyber Ethics: Issues, Impacts and Practices discusses the impact of cyber ethics and cyber law on information technologies and society. Featuring current research, theoretical frameworks, and case studies, the book will highlight the ethical and legal practices used in computing technologies, increase the effectiveness of computing students and professionals in applying ethical values and legal statues, and provide insight on ethical and legal discussions of real-world applications.

About the Author

Alfreda Dudley is currently a Clinical Assistant Professor in the Department of Computer and Information Sciences at Towson University. She currently teaches the computer ethics, cyberlaw, database and Information Technology courses in the department. Dr. Dudley's research areas include: Information Technology, computer ethics, computer security, virtual technologies and computer education with an emphasis on the application of ethics in augmented reality and virtual worlds. Dr. Dudley has published numerous journal articles, book chapters and conference proceedings related to the application ethics in computing environments. Her other interests and pursuits include research involving underrepresented populations in the STEM area (specifically in the computing areas).

James Braman is a Lecturer in the Department of Computer and Information Sciences at Towson University. He earned a M.S. in Computer Science in 2006 and is pursuing a D.Sc. in Information Technology. James serves as joint editor-in-chief for the Institute for Computer Sciences, Social Informatics and Telecommunications Engineering (ICST) Transactions on E-Education and E-Learning along with Dr. Vincenti. He has published several edited books, the most recent, Multi-User Virtual Environments for the Classroom: Practical Approaches to Teaching in Virtual Worlds. He has been involved in virtual world research for several years, along with providing consulting and research services for businesses and organizations utilizing virtual worlds and augmented reality. He has also published numerous research articles related to affective computing, intelligent agents, computer ethics and education in virtual and immersive environments.

Giovanni Vincenti is a Lecturer for the Department of Computer and Information Sciences at Towson University, in Towson, MD. He received his Doctorate of Science in Applied Information Technology from Towson University in 2007. He has been teaching undergraduate and graduate courses for several years, letting him develop his interest in instructional technologies that range from simple learning objects as a supplement to in-person instruction, all the way to the utilization of virtual worlds in the classroom. He has been collaborating for years with James Braman, co-authoring several published works including the edited volume titled Multi-User Virtual Environments for the Classroom: Practical Approaches to Teaching in Virtual Worlds. Vincenti and Braman are also leading e-learning projects for the Institute of Computer Sciences, Social Informatics and Telecommunications Engineering (ICST). In addition, Dr. Vincenti also serves as a consultant to companies and universities that focus on online learning.

Users Review

From reader reviews:

Shawn Hodgin:

What do you think about book? It is just for students since they are still students or this for all people in the world, the actual best subject for that? Merely you can be answered for that concern above. Every person has distinct personality and hobby for each and every other. Don't to be forced someone or something that they don't want do that. You must know how great and also important the book Investigating Cyber Law and Cyber Ethics: Issues, Impacts and Practices. All type of book are you able to see on many methods. You can

look for the internet sources or other social media.

Holley Shipman:

This Investigating Cyber Law and Cyber Ethics: Issues, Impacts and Practices book is simply not ordinary book, you have it then the world is in your hands. The benefit you receive by reading this book will be information inside this publication incredible fresh, you will get facts which is getting deeper a person read a lot of information you will get. That Investigating Cyber Law and Cyber Ethics: Issues, Impacts and Practices without we know teach the one who reading it become critical in imagining and analyzing. Don't always be worry Investigating Cyber Law and Cyber Ethics: Issues, Impacts and Practices can bring whenever you are and not make your handbag space or bookshelves' become full because you can have it within your lovely laptop even mobile phone. This Investigating Cyber Law and Cyber Ethics: Issues, Impacts and Practices having fine arrangement in word as well as layout, so you will not truly feel uninterested in reading.

Beatrice Rogers:

Reading a guide tends to be new life style in this era globalization. With reading you can get a lot of information that could give you benefit in your life. Together with book everyone in this world can certainly share their idea. Books can also inspire a lot of people. Many author can inspire their very own reader with their story as well as their experience. Not only the storyline that share in the textbooks. But also they write about the information about something that you need instance. How to get the good score toefl, or how to teach children, there are many kinds of book which exist now. The authors on this planet always try to improve their expertise in writing, they also doing some investigation before they write to their book. One of them is this Investigating Cyber Law and Cyber Ethics: Issues, Impacts and Practices.

James Sanford:

Do you really one of the book lovers? If yes, do you ever feeling doubt if you are in the book store? Try and pick one book that you find out the inside because don't evaluate book by its deal with may doesn't work here is difficult job because you are frightened that the inside maybe not while fantastic as in the outside look likes. Maybe you answer may be Investigating Cyber Law and Cyber Ethics: Issues, Impacts and Practices why because the amazing cover that make you consider concerning the content will not disappoint you actually. The inside or content is usually fantastic as the outside as well as cover. Your reading 6th sense will directly show you to pick up this book.
