Islamic Asset Management: An Asset Class on its Own? (Edinburgh Guides to Islamic Finance) By Natalie Schoon

A guide to Sharia'ah-compliant fund systems for students, industry professionals and investors. What's the difference between conventional and Islamic asset management? This book reviews the Islamic asset management industry in detail, including the types of funds offered and their operational procedures, and finds that the differences are surprisingly minimal. Sharia'ah-compliant funds are therefore an attractive alternative for Muslim and non-Muslim investors alike.

Editorial Review

Review

A look at the Table of Contents of this book gives an idea of its scope and comprehensiveness. Its appearance among the finance literature marks the fact that Islamic asset management, along with Islamic finance in general, is moving from a niche status to be part of the mainstream, albeit with its own specificities. Those who read this highly informative book, written by an acknowledged industry professional, will acquire a clear insight into Islamic asset management and the opportunities it offers to both investors and asset managers. -- Simon Archer, MA PhD FCA FRSA, Visiting Professor, ICMA Centre, Henley Business School, University of Reading
