## The Cipher Of Genesis: Using The Qabalistic Code To Interpret The First Book of the Bible and the Teachings of Jesus By Carlo Suares

*The Cipher of Genesis* unlocks the key to the lost traditions of the Book of Genesis, offering profound implications for faiths rooted in the Hebrew Testament -- Christianity, Judaism, and Islam. Jesus knew this secret wisdom and attempted to teach it, but that message remained with only a few. For the most part, the first book of the Bible has been dismissed as simplistic and archaic, a literal retelling of the creation of the world in seven days, the story of Adam and Eve, and generational listings. Suares's essential argument is that the words in Genesis cannot simply be translated; one must understand the code, or the true meaning behind the words remains hidden. Each letter of the Hebrew alphabet represents a specific number, which signifies the living archetypal forces moving within the universe. Reading Genesis with knowledge of the code can project these forces into our very being and bring about the experience of Revelation. Among Suares's key points are the evident ramifications of the hidden teachings on parts of the New Testament. It is from this perspective that he interprets the Gospels of Matthew and John in a new and thought-provoking way. Suares unlocks the secrets of the Bible to reveal the ultimate aim of higher consciousness through the coded process of Revelation.

About the Author

Carlo Soares (1892-1976) dedicated a great part of his life to unraveling the revelatory symbolism hidden in the code of the Bible. Educated in Egypt, he spent the first part of his life as a celebrated architect and an accomplished painter. The second part of his life was spent examining the Bible in relation to Qabalistic studies and the fruits of this exploration appear in The Cipher Genesis as well as in his books, The Resurrection of the World and The Song of Songs.

Gregg Braden has been a featured guest for international conferences and media specials, exploring the role of ancient wisdom and spirituality in technology. He is the New York Times bestselling author of The God Code and other books.
