Breeder By Kaitlyn O'Connor

Mirdua no longer has men capable of breeding . . .until now.

Rebelling the moment she discovers the stranger has nothing but contempt for the 'honor' they have in mind for him, and every intention of fighting them to keep his seed, Mali is given two unpalatable choices--she can either take the man's seed, or she will be banished from the village. Since banishment is tantamount to a death sentence, it isn't much of a choice....

Length: Category

Genre: Futuristic Romance

Rating: Erotica

Author Kaitlyn O'Connor was first published by Harlequin Enterprises in 1994 under the pen name of Madris Dupree after nearly a decade of 'apprenticeship' -- struggling to learn the business, the marketing, and the writing skills necessary for a career in commercial fiction. That 'first' published book, a historical, (which was actually her fourth attempt at a marketable piece of fiction) was successful, however, selling nearly 80,000 copies in the U.S., Switzerland, France, and the U.K. She writes various genres (or sub-genres since she always writes romance!) under different pen names. She has written science fiction/futuristic/fantasy under several—Kaitlyn O'Connor, in honor of her Scottish grandmother, Lyssa Hart, and Angelique Anjou (for the French ancestry), all combined here now under the single pen name Kaitlyn O'Connor.
