**Communication Skills for Medicine, 3e** By Margaret Lloyd MD FRCP FRCGP, Robert Bor MA (Clin Psych) DPhil CPsychol CSci FBPSS FRAeS UKCP Reg EuroPsy

This title was Highly Commended (Basis of Medicine category) in the BMA Awards 2005. A highly practical account of communication for medical students, backed up with numerous case histories. In addition to the clinical interview the book covers other aspects of communication including how to promote healthy behaviour and the need for the doctor to work as part of the health care team.

- Reflects current importance of communication skills in curriculum.
- Highly practical approach.
- Accessible information with summary points.
- Covers needs for both hospital and general practice setting.
- Written specifically for medical students, unlike many of the competing books.
- Additional practical examples.
- More material on: professionalism; Mental Capacity Act; risk; the 'expert' patient.

## **Editorial Review**

### Review

This is a beautifully presented, easy-to-read, up to date, evidence-based, practical guide to communication skills. This can be a difficult subject to convey - and engage the reader - on paper but the subject is alive on these pages. To be recommended to anyone who communicates!

BMA Awards, 2005
