The "Damned": Light at the End of the Tunnel - Official Biography By Carol Clerk

The revealing and hilarious tale of Punk's longest surviving band, written and produced with their full co-operation. The story of how an unholy alliance between Rat Scabies and Captain Sensible was launched on an unsuspecting world, and how their adventures plumbed depths of delinquency seldom seen in the chequered history of Punk. It is a story of bad luck, bad behaviour, disappointment, despair and self-destruction. But it is also a story of courage, commitment, conviction, ambition and self-respect. The story is told by those who know it best: The Damned themselves, their colleagues, their families, their friends, their enemies. Fully illustrated and including a comprehensive discography. - courtesy of goodreads.com
