**Through the Ever Night (Under the Never Sky Trilogy)** By Veronica Rossi

A world-defying love is put to the ultimate test in the *New York Times* and *USA Today* bestselling sequel to Veronica Rossi's "masterpiece," *Under the Never Sky* (Examiner.com). In this second book in her spellbinding Under the Never Sky trilogy, bestselling author Veronica Rossi combines fantasy and dystopian elements to create a love story as perilous as it is unforgettable.

It's been months since Aria last saw Perry. Months since Perry was named Blood Lord of the Tides, and Aria was charged with an impossible mission. Now, finally, they are about to be reunited. But their reunion is far from perfect. The Tides don't take kindly to Aria, a former Dweller. And with the worsening Aether storms threatening the tribe's precarious existence, Aria begins to fear that leaving Perry behind might be the only way to save them both.

Threatened by false friends and powerful temptations, Aria and Perry wonder, Can their love survive through the ever night?

### Editorial Review

Amazon.com Review

### A Q&A with Veronica Rossi and Tahereh Mafi

#### Veronica interviews Tahereh

**VR:** Why are you so awesome and will you consider moving closer to where I live so I can see you all the time?

**TM:** Um I love you. Please come live in my house.

**VR:** What was the most surprising part of writing *Unravel Me*?

**TM:** The part where it was hard as hell.

**VR:** So many of your fans, myself included, are captivated by Warner. Can you tell us what intrigues you about this character?

**TM:** I could! But I can't. Because spoilers! But AHHHHH I have so many feeeeeelings!

**VR:** I'm borrowing one of your questions to me . . . can you describe *Unravel Me* in one word?

**TM:** Sexy.

**VR:** What are some of your thoughts as the series approaches a conclusion? Are you looking forward to working on other projects? Nostalgic about the whole experience?

**TM:** I'm super excited to work on something new. Anxious, even. But I love these kids and their stories. I can crack open a book and visit them whenever I like. That's a nice feeling.

#### Tahereh interviews Veronica

**TM:** If you could use one word to describe *Through the Ever Night*, what would it be?

**VR:** Intense!

**TM:** What do you think is the hardest part of writing a sequel?

**VR:** For me, it was balancing what is right for the story with the expectations of fans. There are a few things that happen in THROUGH THE EVER NIGHT that needed to happen—they were organic to the story—but I worried about how fans would react. Ultimately, of course, I wrote what felt true to the characters and to the world. I'm so happy to see how fans are responding to the book. They're loving everything I agonized over!

**TM:** Who is your favorite character in *Through the Ever Night*? Why?

**VR:** You are a cruel, cruel friend to ask me this! Okay. If we remove the central characters and focus on characters who are NEW to the series in this middle book, then my answer would be Sable. He's mentioned in *Under the Never Sky*, but we meet him in *Through the Ever Night*. He's mercurial, power-hungry and very smart, which makes him tons of fun to write!

**TM:** What do you think will shock readers the most about this second installment?

**VR:** I can't share anything specific without spoiling the fun, but there are a few points in the book that I believe are truly surprising. This is a world in decline. These are societies grasping for their survival. Of course, not everything goes as planned, or as the characters hope.

**TM:** Are you excited or are you nervous for readers to get their hands on *Into the Still Blue* (the third and final book!)? Do you think they'll be okay with what you have in store for your characters?

**VR:** Excited, definitely! I'm very proud of the last book, and I can't wait for fans to read it! And while some of what happens in the novel might make fans white-knuckled as they read, I think they will accept that what happens is all meant to happen, and ultimately be thoroughly satisfied with the book and trilogy as a whole.

From School Library Journal

Gr 7 Up-Rossi continues the excellent saga that she began in *Under the Never Sky* (HarperCollins, 2012). Perry is still struggling with his new duties as Blood Lord of the Tides tribe when he is reunited with Aria. Although she is an Aud, blessed with supernatural hearing, Aria receives a cool welcome from most of the Tides because her mother was one of the Dwellers from the domed community of Reverie. She earns the acceptance of the tribe when she uses her hearing to rescue a child during an Aether storm but is still poisoned shortly thereafter. She slips away from the compound without telling Peregrine in order to keep him safe and to search for the Clear Blue, a place that is rumored to be immune to Aether storms. She hopes to trade its location to Consul Hess of Reverie for the release of Talon, Peregrine's nephew. Peregrine also believes that the Clear Blue may be the last hope for his people as the Aether storms are increasing in intensity, threatening the lands and lives of this tribe. Even apart, Aria and Peregrine's feelings for each other deepen while their struggles and tragedies only make their hope that much stronger. Rossi's descriptions of their supernatural senses add richness to her prose. This book doesn't stand on its own but builds strongly on the previous volume. It should appeal to readers of dystopia, fantasy, and romance.-Eric Norton, McMillan Memorial Library, Wisconsin Rapids, WI (c) Copyright 2011. From [Booklist](#)

Months after their parting at the conclusion of *Under the Never Sky* (2012), Aria and Peregrine are reunited. However, their respite is short-lived as Aria is the victim of treachery at her Marking ceremony, and she leaves the Tides with Roar in search of Liv and the Still Blue. Meanwhile, Perry struggles as a new Blood Lord to keep the Tides together amidst the dissent, Aether strikes, and hunger. With Reverie crumbling, Soren reaches out to Aria behind the back of his father, whose cold machinations rise to new heights. Having previously established the characters and conflicts, this story of loyalty, survival, and love satisfies with its balance of action and emotional resonance. It does what all good sequels do: mines the core of the first volume to set the well-developed characters loose on a new task, with strengthened passions, motivations, and connections. The finale sets up the potential for the culmination of this trilogy to be the final test of Peregrine and Aria's future as leaders and partners striving to save two crumbling societies. Grades 8-11. -- Heather Booth

## **Users Review**

### **From reader reviews:**

#### **Dirk Sullivan:**

Hey guys, do you desire to find a new book to study? Maybe the book with the name *Through the Ever Night (Under the Never Sky Trilogy)* suitable to you?
