Artemis Fowl 8: The Last Guardian By Eoin Colfer

Is this Artemis fowl's *Last stand*?

Artemis Fowl's archenemy Opal Koboi has masterminded a way to simultaneously secure her release from prison and bring the human and fairy worlds to their knees. And, unless Artemis can stop her, the evil pixie's next move will destroy all human life on earth.

Ground zero is the Fowl Estate, where Opal has reanimated fairy warriors who were buried there thousands of years ago. Their spirits have possessed any vessels they can find—corpses, Artemis's little brothers, assorted wildlife—and they are bound to obey Opal's every command. Defeating the motley troops and their diabolical leader will require all of Artemis's cleverness—as well as Butler's bravery, Holly's skill, and Foaly's gadgetry. But if their best efforts aren't enough, Armageddon will surely follow.

New York Times best-selling author and comic genius Eoin Colfer will leave Artemis Fowl fans gasping up to the very end of this thrilling finale to the blockbuster series.

Amazon Exclusive: Artemis Fowl's Favorite Books

Artemis Fowl

Even teenage masterminds have some downtime to read. Here Artemis Fowl shares some of his favorite books and what he likes about them.

- *Huckleberry Finn* by Mark Twain Tom Sawyer is generally credited with being the brains of this juvenile outfit, but he was a mere buffoon compared to Huck. Tom with his fence painting con thought small while Huckleberry could see the big picture.
- *The Dark Knight Returns* by Frank Miller Nice Gothic artwork and Miller's Batman shows us that sometimes you have to be bad to be good. A nice motto to live by.

Peter Pan by J.M. Barrie Of course this book should be entitled *The Adventures of Captain Hook*. What a character? The perfect villain. Sadly Barrie bowed to conventional storytelling by allowing the Pan character to vanquish James Hook, but in real life I'll wager that the Captain would prevail. From [Booklist](#) Bringing a long-running series to a close is always tricky—no fan is ever entirely happy after all that buildup. All in all, though, Colfer has rounded off this final book about the not-always-likable Artemis Fowl in a way readers will appreciate, right down to the clever last lines. The principle characters are all there, and the overall feeling is uncharacteristically touching. Don't worry—there's still all the adventure and snarkiness the series is known for: ingenious gadgets; humorous sidekicks, like the perpetually gassy Mulch Diggums; and faeries who kick . . . well, you know what. But this is an ending, after all. The plot centers around nemesis Opal Koboi's plot to open a gate that will release not only long-buried warrior faeries bent on revenge against the human race but actual Armageddon. The Fowl's Irish estate is at the center of the action, and Artemis, Holly, and Butler's plans fizzle until Colfer's antihero makes himself sacrificial bait. A definite winner. Grades 5-8. --Karen Cruze Review

*"In his eighth, greatest and (billed as) final exploit, Artemis Fowl finally puts an end to archnemesis Opal Koboi while also saving humanity from extinction, but at a steep price. A fitting end to a brilliantly conceived and developed series."? *Kirkus (starred review)*

"A definite winner."? *Booklist Online*

"Fans of Artemis Fowl will appreciate this eighth and final installment in the series. All the tongue in cheek humor and sarcastic wit and tone are present. Fairies aplenty abound, as does the mischief and mayhem that they bring. These books are written to be full of fun and adventure, and the Last Guardian succeeds. All the

main characters play a part, which will satisfy fans."?VOYA Users Review**From reader reviews:**

Danny Whittemore:This Artemis Fowl 8: The Last Guardian usually are reliable for you who want to become a successful person, why. The reason why of this Artemis Fowl 8: The Last Guardian can be on the list of great books you must have is giving you more than just simple reading through food but feed an individual with information that might be will shock your prior knowledge.
