Backwards: Returning to Our Source for Answers By Nanci L. Danison

Backwards is the true story of one big firm trial lawyer's after death face-to-face communication with God/Source about the mysteries of life and death. Backwards shatters the age-old belief that we are mere humans, that fate determines our destinies, and that a task master God demands our obedience and worship. Nanci L. Danison, JD, brings the credibility of a trial lawyer trained to evaluate evidence to her account of the answers to our most pressing spiritual questions: who is God? Who am I? What is the purpose of life? Why am I here? What happens when we die? And how should I live my life here on Earth? She offers a "life plan" from the afterlife that originates in and resonates with our true spiritual nature, and provides step-by-step guidance on how to access and develop our Source-like traits in order to bring peace and happiness to our own lives and our planet.

"Strap on your seatbelt and prepare for a truly cosmic journey. Backwards will transport you beyond all other accounts of life beyond death--and provide profound insights about the purpose of life on Earth. This fascinating book will very likely change your understanding of almost everything, including your own identity." --Bill Guggenheim, co-author of Hello From Heaven!

"In the world of near-death experiences, the rarest is called 'transcendent,' breaking all categories, going beyond all human limitations to a vision of reality from the perspective of the divine. Nanci Danison had such a transcendent experience of dying and returns to tell us about what human life looks like from this perspective. The wisdom of our divine Source helps her to diagnose the many ills of our present world and compassionately prescribe the remedies that we, as Light Beings inhabiting human form, need to bring healing to our world. --Kurt Leland, author of Otherwhere and The Unanswered Question

From the Publisher

"90 Minutes in Heaven" gave us a brief glimpse into heaven from outside it. BACKWARDS takes us deeply through all the levels of existence in the afterlife--all the way back to rejoining the Source/God. This is not an autobiography. Everything in this book comes from the author's profound, transcendental after death experience.

From the Inside Flap

BACKWARDS challenges us to look beyond our ancient belief systems to a new understanding of life.

BACKWARDS takes us beyond current thinking about who we really are to acknowledge that we are powerful spiritual Beings of Light inhabiting human bodies but not limited to human abilities. Gives us exciting new perspectives on the nature of God/Source, humans, souls, and the universe, as the author seeks to guide mankind away from fearful models of life and death toward a path of exploring one's own inner connection to God/Source. Proposes a simple plan for accessing and utilizing while in human form our spiritual "superpowers" of multiple levels of awareness, the ability to consciously manifest reality, self-healing, and unconditional love. Includes step-by-step guidance on changing one's perspective on life and death. Offers a powerful personal account of the state of awareness we call the afterlife not found anywhere else.

BACKWARDS guides us through a caring and comforting exploration of life beyond death from the perspective of one who has actually lived it. The purpose for our existence that BACKWARDS describes removes all doubt about the outcome of life and how it should be lived.
