Intermediate Accounting, 11th Edition (Available Titles CengageNOW) By Loren A. Nikolai, John D. Bazley, Jefferson P. Jones

INTERMEDIATE ACCOUNTING, Eleventh Edition, provides the perfect combination of professional language and vibrant pedagogy to facilitate the transition from financial principles to the larger environment of financial reporting. To prepare students for professional accounting careers, the text's comprehensive coverage of GAAP and discussion of IFRS is clearly and consistently presented throughout the text. This coverage complements the authors' insight, which is in both the in-text commentary and the fully coordinated, author-written end-of-chapter material.

Editorial Review

Review

"Keep up the great work! I would like to see this book marketed more as one that helps students. Can you help me get through to the other faculty at my school?"

"In general, I was quite impressed with the text. I think it is as technical as Kieso, but far superior in addressing some of the concepts and providing material for application. . . . Thanks for the opportunity to review--it introduced me to the text and I will consider it for class."
