Latino Politics in America: Community, Culture, and Interests (Spectrum Series: Race and Ethnicity in National and Global Politics) By John A. Garcia

Latinos constitute the fastest-growing population in the United States today, and Latino political participation is growing rapidly. Still, Latino political power is not commensurate with the numbers, and much potential remains to be tapped. In *Latino Politics in America*, author John A. García examines the development of this vibrant community and points the way toward a future of shared interests and coalitions among the diverse Latino subgroups.

This newly revised edition lays out the basic facts of Latino America—who Latinos are, where they come from, where they reside—and then connects these facts to political realities of immigration, citizenship, voting, education, organization, and leadership. García's nuanced portrait of contemporary Latino political life, first published in 2003, has been updated throughout to include data from the 2010 census and the 2008 and 2010 elections.

Editorial Review

Review

Hooray! Garcia has written a new college textbook for courses in Chicano/a or Latino/a politics. Essential. A pleasure for graduate students through faculty. (*Choice Magazine*)

Latino Politics in America is an excellent overview of Latinos in the United States and their relation to issues such as immigration, naturalization, voting patterns, educational attainment, and leadership, to name but a few. This book is an essential text for understanding the most important group to influence American politics in the next decade. (Lisa Magaña)

John A. García's *Latino Politics in America* offers a comprehensive and compelling analysis of key issues in Latino politics. From the complexities of Latino identity and community formation to the many dimensions of political participation among Latino subgroups, this book provides a vital resource. (Barvosa-Carter, Edwina)

Latino Politics in America is a provocative and important book, an indispensable guide to understanding the evolving politics of America's largest racial and ethnic group. John A. García's analysis is impressive as he synthesizes the literature on race, ethnicity, and American politics. It is clearly the best book on Latino politics to date. (Benjamin Marquez)

About the Author

John A. Garcia is professor of political science at the University of Arizona.

Users Review

From reader reviews:

Shirley Joy:

Your reading sixth sense will not betray an individual, why because this Latino Politics in America: Community, Culture, and Interests (Spectrum Series: Race and Ethnicity in National and Global Politics) publication written by well-known writer we are excited for well how to make book that can be understand by anyone who also read the book.
