Editorial Review

Review

"Anyone who has faltered during the 'fatiguing climb' of the first chapters of the first volume of *Capital* will welcome *Unravelling Capitalism*. Introductions rarely come as succinct and to the point as this. This is not to say that Choonara has ducked any of the more involved debates or controversies that have raged around Capital in the past. He gives numerous useful pointers to further reading. But by putting these (often very scholastic) debates in their proper context, Choonara presents Marx's political economy as what it is: a formidable tool kit in the service of the movement."

-- *Socialist Review*

Users Review

From reader reviews:

Virgina Scheffer:

What do you in relation to book? It is not important with you? Or just adding material if you want something to explain what yours problem? How about your extra time? Or are you busy individual?
